Advance-Nilfisk Parts - Think about how long and tedious it would be to clean-up right after a party, without assistance from machines. Previously, the dirt from upholstery and carpets had to be beat out of them manually; brooms, brushes and cleaning cloths were the best cleaning products at the time.

The man who established Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who really liked to work on electrical motors. After founding his business in 1906, he started to produce motors to drive fans, machine tools, drills and coffee grinders. Mr. Fisker's vision from the start was to own a worldwide business selling products worldwide.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented an amazing, ground breaking vacuum cleaner which can be operated by a single person in view of the fact that it just weighed 17.5 kilos! This invention came in a time where numerous cleaning machines were huge and needed at least 4 operators, therefore, the Nilfisk C1 changed everything and evolved the manner we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning machines offer an excellent solution to an ongoing crisis; things get filthy and have to be cleaned frequently, without too much effort.

Slowly but progressively, Nilfisk-Advance grew through the years. During the 1980s, this expansion really took place the time the business became a part of the NKT Group. Their new owners' ambition and concentration made Nilfisk-Advance take a huge leap forward within the business, aiming to be one of the biggest universal players in the market of professional cleaning equipment. Nilfisk-Advance is presently found in all parts of the world due to gradually obtaining many smaller businesses in order to grow their product portfolio and presence in new markets. They are proud to present various cleaning solutions to suit each and every need.
